

TRIODOS PIONEER IMPACT FUND

The fund aims to generate positive impact through investments in small- and mid-cap companies pioneering the transition to a sustainable society.

ECOLOGICAL FOOTPRINT

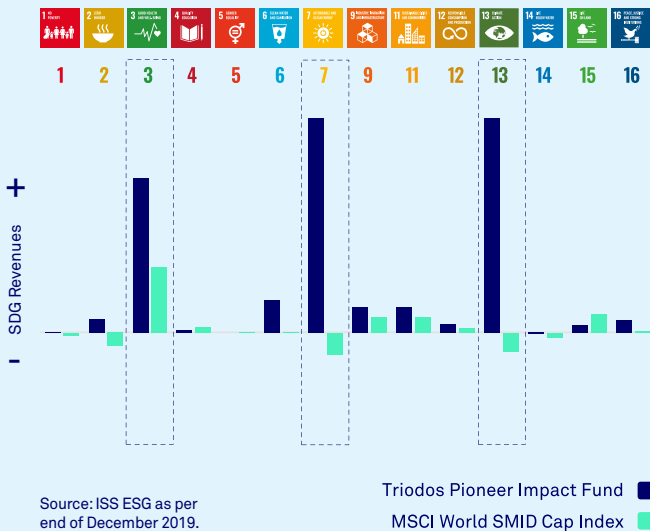

The carbon, water, and waste footprints of the fund illustrate the lower environmental impacts of the portfolio companies' activities compared to those of the MSCI World Small Mid Cap Net Total Return Index. These figures provide an indication of the fund's sustainability performance as an outcome of the fund's strict impact selection and exclusion criteria.

The footprints are calculated using carbon emissions data from Oekom research AG, and water and waste data from S&P Trucost (© 2019 S&P Trucost Limited).

SUSTAINABLE DEVELOPMENT GOALS

This chart plots the exposure of fund and benchmark to the SDGs, based on the underlying revenue streams of each company, aggregated at fund and benchmark level. It shows that the fund has the largest positive contribution to SDG 3 (Good health and wellbeing), SDG 7 (Affordable and clean energy) and SDG 13 (Climate action).

IMPACT THROUGH OUR TRANSITION THEMES

STEWARDSHIP

- > 100% of portfolio companies' Annual General Meetings voted at.
- > Engagement with 100% of the portfolio companies.
- > Key engagement topics: remuneration, non-worker rights, conflict minerals, biodiversity, and animal testing.

21% of portfolio companies have set a Science Based Target to reduce emissions as aligned with the Paris Agreement.
